

Feels Good

by Jennel Davis

Feels good

When I know that I can confide in
you..

trust my life with you..

Feels good.

when I know that you'll carry me
every step of the way.

I know I'll be okay.

Feels good.

To know when I need I can call on
you. With you I'll make it through.

Feels good.

With all my imperfections I can say.
You love me anyway.
